Parent Verification:

The safety and success of all students (preschool and high school) are our primary concern. I verify that my preschooler is at a maturity level that high school students in this course are reasonably equipped to handle. As the parents of _____, I understand the importance of regular school attendance, and that the Mini Mustang Preschool will be my child's only preschool program. My family lives within the school boundaries of Indian Prairie School District 204. The Metea Valley High School staff reserves the right to determine if our program is an appropriate placement for each preschool student.
