

# Calling All Engineers...

# ...We Need You!

## TECHNOLOGY AND ENGINEERING EDUCATION DEPARTMENT

The Indian Prairie School District 204 Technology & Engineering Program is looking for community members to serve on the TEE Advisory Board. Professionals representing all areas of engineering, architecture, automotive, computer networking, construction management, and manufacturing are welcome.

*Are you a Metea Valley Career and Technical professional willing to?*

- ✓ look at our department and evaluate our programs & curriculum from an industry point of view
- ✓ provide feedback on preparation of students for future work & careers
- ✓ support education & promote student accomplishments
- ✓ encourage student employment opportunities and employment
- ✓ foster community support system for technology and science
- ✓ create links between school and community
- ✓ mentor students for career opportunities in engineering, and technical fields
- ✓ generate new ideas and innovative ways to deliver quality technical and career education

*Interested professionals should contact:*
